Mr. Charles L. A. Terreni
Chief Clerk/Administrator
Public Service Commission of South Carolina
Columbia, South Carolina 29211

Dear Mr. Terreni:

Attached for filing with the Commission are the following tariff pages with an effective date of January 8, 2008:

General Subscriber Service Tariff

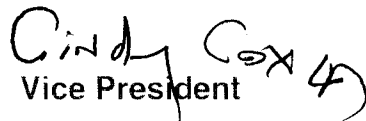

Subject Index- Twelfth Revised Page 10
Section A13 - Contents - Eleventh Revised Page 6
- Sixth Revised Page 54
Section A113- Contents - First Revised Page 3
- Original Page 23
- Original Page 24

This tariff filing obsoletes (on a going forward basis) Internet Call Waiting effective January 8, 2008 and discontinues the service on July 8, 2008. Customers will receive direct mail notification of this change soon after January 8, 2008.

Internet Call Waiting is an optional feature that allows residence customers with dial-up Internet access to manage incoming calls while they are using their line for dial-up Internet connection. With the proliferation of DSL service, the demand for this Internet Call Waiting service has declined significantly – currently, less than 750 AT&T South Carolina customers subscribe to the service.

Obsoleting this service for six months prior to discontinuing it altogether in July 2008 will give these remaining customers time to make alternative service arrangements. Options that may be available to these customers include: upgrading to DSL Internet service, subscribing to call waiting features offered by some Internet service providers, adding an additional telephone line, or forwarding busy line calls to a wireless telephone.

Yours very truly,

Vice President

A113.76 Internet Call Waiting Service

(O)(T)

(Obsoleted January 8, 2008, Type 4, not available for new installations, additions to existing installations or moves to a different customer location. This service will be discontinued on or after July 8, 2008.)

(N)

A113.76.1 Definition of Feature Offering

(O)(T)

A. Internet Call Waiting service (ICW) allows customers to manage their incoming calls while logged onto the Internet. When a customer is on the Internet with ICW running and receives a call, a small window pops up on the computer screen with the name and number of the caller and four disposition options for the call. Those options are as follows:

(O)

1. Accept the Call: This option terminates the Internet session. The user then must wait for the phone to ring to pick up the call.
2. Send the Call to Voice Mail: This option sends the caller to voice mail if the ICW subscriber has voice mail.
3. Place the Call on Hold: With this option the subscriber can generate a network announcement to the caller to please hold while the subscriber completes the current call.
4. Forward the Call: The subscriber can route the call to another pre-selected phone number
5. Ignore the Call/Time-Out: If the subscriber fails to choose a disposition option within 24 seconds, the time-out condition will occur. The caller will hear continuous ringing until the call is disconnected. This is a default option for customers who do not subscribe to Voice Mail.

A113.76.2 Regulations and Limitations of Service

(O)(T)

A. The following regulations and limitations apply:

(O)

1. Internet Call Waiting service is provided subject to the availability of facilities.
2. Internet Call Waiting service is available to single and multi-line residence customers.
3. Internet Call Waiting service is not compatible with Privacy Manager Service, ISDN, ADSL, Prestige, FCO or FX service.
4. The Company's liability arising out of the provision of Internet Call Waiting service, including but not limited to delivery or non-delivery of calling numbers/names, or the provision of other anonymity options to law enforcement agencies, is limited as set forth in A2.5.1.
5. Telephone numbers/names transmitted via Internet Call Waiting service are intended solely for the use of the subscriber of this service. Resale of this information is prohibited.
6. Internet Call Waiting service can be suspended as specified in A2.3.16. During the period of suspension, no recurring charge applies.
7. Services charges do not apply for download of the Internet Call Waiting software.
